How do you want to proceed? As the NEPA office is the lead for the cooperating agency agreement, maybe we should send that initial email to TxDOT/FHWA about a meeting. I will get Israel to send me the purpose of the meeting.

Thank you,

All,
Below are some dates next week that Kelly Haragan who works with CFEJ is available to participate in a call to discuss their comments sent to TxDot. Please let me know what date and time you'd be available to participate in the call.

John as I said in the email of yesterday we want to include John Casey, District Engineer and any of his staff that he may deem appropriate as well as the right guys from FHWA out of Austin Regional office. Would that be Albert Hinojosa , Area Engineer and Gregory Punske, P.E. District Engineer?

I'd prefer that yall contact them and run the dates and times by them if you agree. Once date and time are chosen I'd send out call in information. Please advise. Thanks.

These proposed dates and times are for next week.

Tu: 9-10:30 or noon to 2
